

Traffic Safety Policy Priority: Traffic Records

Description:

The Office of Traffic Safety proposes, for consideration, the following conceptual changes to improve traffic records data collection:

- Add clarifying language to NRS 484E.110 to require crash notification within 10 days of the date of the crash (10 days after the investigation) or date of death.
- Require law enforcement agencies to report traffic incident arrest data within the central e-crash/e-citation system, i.e. DUI arrest, reckless driving arrest, etc.
- Require reporting of traffic offense adjudication data to the State.
- Add clarifying language to NRS 484C.170 to add required testing of prohibited substances in addition to alcohol.

NRS 484E.110 Police to report to Department of Public Safety; report not confidential; requirements for preparation of report; submission of copy of report to Department of Motor Vehicles.

1. Every police officer who investigates a vehicle crash of which a report must be made as required in this chapter, or who otherwise prepares a written or electronic report as a result of an investigation either at the time of and at the scene of the crash or thereafter by interviewing the participants or witnesses, shall forward a written or electronic report of the crash to the Department of Public Safety within 10 days after the ~~investigation date~~ **of the crash, or date of death, if a fatal injury occurred due to the crash.** The data collected by the Department of Public Safety pursuant to this subsection must be recorded in a central repository created by the Department of Public Safety, **maintained in collaboration with the Department of Transportation,** to track data electronically concerning vehicle crashes on a statewide basis.

2. State agencies may (shall?) enter into data use agreements to share crash, citation, adjudication, medical, driver, and other relevant data for the purpose of improving traffic crash and/or other relevant traffic records systems.

2. The written or electronic reports required to be forwarded by police officers and the information contained therein are not privileged or confidential.

3. Every sheriff, chief of police or office of the Nevada Highway Patrol receiving any report required under NRS 484E.030 to 484E.090, inclusive, shall immediately prepare a copy thereof and file the copy with the Department of Public Safety.

4. If a police officer investigates a vehicle crash resulting in bodily injury to or the death of any person or total damage to any vehicle or item of property to an apparent extent of \$750 or more, the police officer shall prepare a written or electronic report of the investigation.

5. As soon as practicable after receiving a report pursuant to this section, the Department of Public Safety shall submit a copy of the report to the Department of Motor Vehicles.

(Added to NRS by 1969, 1485; A 1985, 1945; 1987, 685; 2013, 544; 2015, 1645)—(Substituted in revision for NRS 484.243)

NRS 484C.170 Analysis of blood of deceased victim of crash involving motor vehicle to determine presence and concentration of alcohol **and prohibited substances.**

1. Any coroner, or other public official performing like duties, shall in all cases in which a death has occurred as a result of a crash involving a motor vehicle, whether the person killed is a driver, passenger or pedestrian, cause to be drawn from each decedent, within 8 hours of the crash, a blood sample to be analyzed for the presence and concentration of alcohol **and prohibited substances.**

2. The findings of the examinations are a matter of public record and must be reported to the Department by the coroner or other public official within 30 days after the death.
3. Blood-alcohol **and substance** analyses are acceptable only if made by laboratories licensed to perform this function.
