Welcome and Introductions
Those present and on the phone introduced themselves and stated who they were representing.

Review of Meeting Minutes
The final minutes from March 21, 2019 are attached.

Data Update
The Monthly State Fatal Crash Report is attached.

Traffic Records Coordinating Committee Update: NDOT will be implementing a new crash data tool in 2019, Numetrics. Currently used by UDOT. Data definitions, which are based on national guidelines, posted on SHSP website (www.zerofatalitiesnv.com/safetyplan).

Zero Fatalities Communications
Currently running a Speed campaign, targeting Males, age 18-44. Three videos from three “famous” Las Vegans – Brendan Gaughan (race car driver), Carrot Top (comedian), Tyrell Crosby (NFL player).

Crash cars and motorcycles are on display at campuses and shopping centers in SNV and NNV. See attached for summary of Speed campaign. https://zerofatalitiesnv.com/downloads/dont-speed/

Legislative Advisory Opinions
- Textalyzer – presented to the committee, died in the first round. It was discussed that Textalyzer does not required legislation for implementation in Nevada, that it could be administered with implied consent.
2019 Nevada Traffic Safety Summit

- The 2019 Nevada Traffic Safety Summit will be held October 15-17, 2019 at the Nugget Casino Resort in Sparks, Nevada. Visit zerofatalitiesnv.com/safety-summit for more information.

Review of Strategies, Action Items and Output Measures (attached)

- Lane Departure strategies and action steps have been updated for review/input from the task force. See attached worksheets for updates for comment, and additional notes below. Task Force is encouraging members to take a lead on an action step. Please send comments or suggestions for strategies and action steps to Lindsay.saner@kimley-horn.com.

  - 1.1 – Public awareness survey over the summer, approximately 2,000 surveys (online)
  - 1.2 – Joining Forces has conducted 12 (of 16) events, 11,363 speed citations, 2,270 distracted driving citations have been issued to date.
  - 1.3 – OTS presents at Nellis/Creech/Test Site twice per month, provide briefing on Nevada Traffic Safety Laws.
  - 2.1 – Nevada is a high-risk rural state. Three “re-rumble” projects underway, one in each district. About 20 miles of roadway to be completed over the summer.
  - 2.2 – Project on Mt. Rose to install high friction surfaces on two curves on Mt. Rose Highway. Will report back to task force after study complete.
  - 2.4 – Action: Task Force Leads to reword action step.
  - 3.1 – NDOT working on pavement rehab, shoulders and passing lanes.
  - 3.2 – 55.5% of emergency responders in Nevada have completed the TIM training. Conducting annual evaluation of program.
  - 3.3 – Identify new action leader. WayCare using patrol car stationed at 5 additional locations, analysing data on impact on bottle neck and congestion.
